

EMR Implementation & Optimization

Direct Consulting Associates (DCA) is committed to providing the best Healthcare IT talent solutions for our clients. We recognize that acquiring the right HIT experts and delivering a range of staffing solutions has a positive and profound impact on the value of IT in healthcare practices and patient care.

DCA works with many of the top healthcare facilities in the country, big and small, providing a wide breadth of HIT talent. Our consultants have the knowledge and experience necessary to be effective and efficient throughout the duration of your project and make it a success. DCA is vendor neutral in our approach to client satisfaction and support all the major EMR systems.

In addition to EMR, DCA accommodates our clients with solutions for implementing **ICD- 10**, achieving **Meaningful Use**, **Revenue Cycle** assessment and redesign, **Project Management**, and **Legacy Support**.
