

Enterprise Resource Planning

(ERP)

Direct Consulting Associates (DCA) is an experienced provider of consultants and staff augmentation solutions for Enterprise Resource Planning (ERP) systems. DCA focuses entirely on the healthcare industry allowing us to understand our clients' projects and

provide experienced ERP resources that are familiar with the challenges and opportunities you may be faced with today and in the future.

DCA remains vendor neutral supporting all major ERP systems and has a vast network of consultants that specialize in each system. DCA is dedicated to the success of your project, optimization, and support initiatives.
