

## IT Services

Direct Consulting Associates (DCA) is a national IT staffing organization that provides contract, contract-to-hire, and direct hire services to top leading companies and their IT departments.

We help our clients successfully plan, build, and run their critical technology initiatives.

DCA offers a full spectrum of technol-

ogy services, and our dedicated recruiting team works with our clients' needs and objectives in order to deliver exceptional talent. Our nationally recognized team specializes in matching IT professionals with exceptional organizations, both big and small, providing seamless transitions and industry leading results.

DCA places IT professionals nationally and is networked to the highest-caliber IT talent in the marketplace. Our IT experts are recruited for their considerable experience in a variety of disciplines, so we can help you with your different technology initiatives.
